An outdoor wood-burning fireplace, a nest in which to seek refuge, enjoying the warmth of the fire: the eccentric dance of the flame slowly becomes the silent glow of embers. A sweet warmth that comforts your guests.

Zero is a wood-burning outdoor fire pit designed for special outdoor moments. Design and art blend to present the fire with a contemporary style. An outdoor fireplace, simple in its shape with a generous and strong character.

Not only a fire pit, but also a wood storage: if not operating, it can become a useful supporting surface.

A unique object, with a timeless flavour.

- > Ø1000 H350 mm
- > Ø1500 H400 mm
- > Ø2000 H400 mm

> Material: Powder coated steel frame

> Top: Porcelain stoneware

Zero is supplied with a steel cover plate to cover the combustion chamber.

Accessories sold separately: Stainless steel barbecue grill, Fire screen, Storage cover.

Product supplied in an assembly kit.

Care & Maintenance, always recommended:

Keep your fire pit clean.

Clean the surfaces using a soft cloth and lukewarm water, do not use abrasive substances, solvents or degreaser products.

The products may display superficial irregularity and chromatic variations, due to the choice to use materials and finishes able to enhance the natural process of aging, thus giving guarantee of uniqueness. After various atmospheric cycles (rain, sun, wind, geographical situation), the appearance of the products may change; this characteristic is due to the quality of the material used, not a defect.

The Company reserves the right to improve its models in technology and aesthetics, including variations in sizes and materials, without notice.
